RE: Dismissal and Non-Disciplinary Order of Continuing Medical Education, Case No. 3755

Dear Dr. MacDougall,

At their meeting on June 2, 2007, the Arizona Board of Osteopathic Examiners in Medicine and Surgery ("Board") conducted a case review on the above-referenced complaint. Based on the information presented, the Board found that there were no violations of state law or rule directly related to the complaint filed by M.H.

The Board did however choose to exercise its discretion pursuant to A.R.S. 32-1855 (D)(3) by voting to mandate the completion of ten (10) hours of continuing medical education in the area of pain management. Please be advised that this CME shall be in addition to that normally required and shall be pre-approved by the Executive Director.

A non-disciplinary order for continuing medical education remains part of the public record of your license for five years from the date of issuance (June 7, 2007). During those years it will be provided in response to requests for copies of your license file or verifications of license status, including being posted on the Board's website. Because it is not a disciplinary action, it is not reported to the National Practitioner Data Base or Health Care Integrity and Protection Databank.

Respectfully,

Jack Confer
Executive Director
